

PATRONS SHARE
THE PROFITSWalker's Store to Issue Bonds
or Stock to Friends.

WILL DRAW 7 PER CENT

CAPITALIZATION TO BE IN-
CREASED TO \$330,000.

In order to keep abreast of the times, to enable their customers to share in the profits of the business, and to further stimulate trade, the Walker Bros. Dry Goods company has decided to amend its articles of incorporation to permit of an increase of capital stock from \$150,000 to \$330,000, the present stockholders taking all the increase, and in addition thereto to issue \$100,000 more, either in preferred stock, bearing 7 per cent interest, or in first mortgage bonds, bearing the same rate, making a total capitalization of \$330,000. The additional \$100,000 over and above the \$230,000 capitalization will be disposed of by the company to its customers. The preferred stocks or bonds will be sold to the purchasers in blocks according to their wishes. Speaking of the matter last evening, J. K. Walker said:

Chance For Customers.
"It seems to be the popular idea nowadays with mercantile companies and other companies to have a larger number of stockholders, and it is for this reason that this company desires to give its patrons and friends an opportunity, if they desire to accept it, of purchasing and owning stock in the company from which they make their purchases."

"The proceeds of the preferred stock or bonds, whichever is issued, will be used for treasury purposes, and the entire assets of the company, amounting to over \$400,000, will be security for the issue."

During the past seven years the net profits of the company have been over \$200,000 on a capital of \$150,000, besides having paid about \$60,000 to the bank as interest and exchange, which will be materially reduced by the new issue. At the time the company was owing less than \$11,000 for merchandise, and this was not due for the highest discount for cash.

At the present time a large amount of money is being expended in the store in putting in new fixtures. It is the purpose of the new owners to make the establishment strictly up-to-date, and store and one that will compare favorably with any in the east of the same size. Mr. Shelp, the manager, is now in the east with several buyers, making the purchases for the spring trade.

At the stockholders' meeting of the Walker Bros. Dry Goods company, held on Wednesday night, Joseph R. Walker was elected president of the company, C. A. Walker was made vice president and secretary, M. J. Cheesman was elected treasurer, and J. V. Shelp manager. Those present were M. H. Walker, Sharp Walker and George R. Walker, form the board of directors.

HONORED NATION'S FATHER

University Club's Banquet Was in
Memory of Washington.

An elaborate picture of George Washington, painted by the artist of the same name, was the centerpiece of the banquet given by the University Club in memory of the nation's father, which was held at the Hotel Utah last evening. The banquet was given in the hall of the hotel, and the decorations were patriotic, patriotic songs were sung, the band played patriotic airs and even the college yell was rendered with patriotic spirit.

The table decorations were pretty. Red shades ornamented the table lamps and at regular spaces between them were bouquets of flowers. National colors entwined the pillars and back of the toastmaster was spread an American flag. About the room where they would be most effective were large palms and the band was almost hidden by them. At regular intervals the college yell announced to the world outside that the club and its friends were enjoying themselves.

The menu commenced with blue points and ended with coffee noir. In between was every dish that an epicure would find pleasing. The toasts followed. There was nothing blue about them either at the start or at the end. They were with wit and the scope of subjects included "The Endless Frontier," "The Railroads," "The Pedagogues," "The Medics," and even "The Parsons." Frank Pierce, of the University Club, allowed nothing to lag. Among those who made responses were: Frederick Lyon, E. M. M. McGinnis, George A. Eaton, Andrew Howat and H. N. Mayo.

VITAL FORCE

Is Crushed by Chronic Troubles.

One of the most weakening, undermining troubles which mankind is heir to, is hemorrhoids or piles. The victim is careless and neglectful of the disease at first because the pain is slight and the bleeding may only occur occasionally, or he may be troubled by the occasional disappearance of the symptoms. And yet if at the very start he had found a rational remedy to soothe the inflammation, he would probably never have had a return of this irritating malady.

Piles may develop at any season of the year, and at almost any age of the victim; the abuse of cathartics often causes this trouble, and a period arrives when the dread of pain at stool becomes so great that the sufferer begins to neglect the cause of the trouble, and the feces are only partially cleared, on account of the suffering attendant upon a thorough movement.

Before you reach this stage use a remedy which removes the cause, thereby eradicating the disease, and that is the Pyramid Pile Cure, which is sold by all druggists at 50 cents a package. It is in the form of a suppository, is applied directly to the parts affected and brings about a complete cure, quickly and painlessly. A valuable little book on the cause and cure of piles is published by the Pyramid Pile Cure company, Marshall, Mich., and we advise every sufferer to send for a copy of it.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that any one can use the remedy without detention from business or interference with daily occupation.

"I feel it my duty to recommend the Pyramid Pile Cure, for after suffering ten years with a most distressing form of piles, I am entirely cured, thanks to this remedy." Any one doubting this can write to Margaret Brady, 156 White-man street, Cleveland, Ohio.

TRADE IS STILL
GROWING BETTERLocal Conditions Show Improve-
ment in All Lines.

REAL ESTATE MORE ACTIVE

DEMAND IS GOOD FOR SMALL
HOMES.

Trade conditions are improving steadily in Salt Lake. There is no boom, but a sound increase in the volume of business in all lines. Spring orders are moving freely, and there is a better feeling since it has been found out that the livestock on the ranges has not suffered so much as was at first reported. The warm weather and they came just in time to stop severe losses, and the present outlook is much brighter.

Realty transfers during the week were as follows:

Monday	14,894
Tuesday	1,712
Wednesday	4,291
Thursday	32,451
Friday	13,459
Saturday	5,615

Total \$12,626
Total previous week \$4,567
Week ending Feb. 7, 1903 \$8,452
Bank clearings show a decrease over a year ago, owing to the decrease in speculation. The clearing for the week were \$54 per cent under the corresponding week of last year. St. Louis showed the east coast and the country and the greater, as did other cities, but the average of the country shows a slight increase. Local business, however, was never in a more sound condition, and bankers and business men generally say the outlook is highly satisfactory.

Demand For Money.

The demand for money is good, but there is plenty to loan on first-class securities. The market prices for metals and the ample supply of water for irrigation help the situation.

Local banks and commercial stocks were inactive during the week. Some of the subscribers to the stock of the Idaho Sugar company made payments and took receipts yesterday, but the company will not be incorporated until the bounty bill becomes a law. The measure has passed the Idaho house and its chances are said to be good.

CRACKED A SAFE
THAT WAS OPENMen Didn't See Card Saying the
Door Was Unlocked.

FELT LUMBER CO. VICTIMS

NOVICES ROBBED A GROCERY
AND A BLACKSMITH SHOP.

Safe-crackers, evidently novices, broke into a blacksmith shop and stole their tools. Then they blew open an unlocked safe in the office of the Felt Lumber company at Eighth South and State streets. Failing to get anything there, the robbers went to a store on Fifth South and robbed enough tobacco to run their unit the next safe-blowing expedition should come off.

A placard hung on the safe door announcing that the door was not locked and inviting burglars to help themselves. Not seeing this, or being unable to read it, they worked, evidently for hours, drilling the safe, and then blew it all to pieces. Not a cent was found, as all the money had been taken out the afternoon previous.

Didn't Read Sign on Safe.

When George F. Felt left the lumber office Friday afternoon he took the money in the safe, amounting to about \$300, to the bank. Since an attempt was made to open the safe, the cash, he left no money in it over night. The door is left open and a card hanging on the combination states that the door is not locked, and asks Mr. Burglar please not to blow the safe.

Yesterday morning when Mr. Felt opened the office he found the heavy safe door thrown across the room, and the safe itself turned over on its side. There was not a window glass left in the office, everything having been turned upside down by the explosion.

Smithy and Grocery Robbed.

Further investigation showed that the burglars had entered the office through the door by means of a key. They had drilled a three-eighths of an inch hole in the safe door to one side of the combination. An unusually large quantity of black points and tools evidently been used to force the safe. The concussion was sufficient to blow the 200-pound safe door across the room and overturn the safe. The cash till had been pried open, but there was nothing in it. A pistol that had been left in one of the desk drawers was stolen. That is the only thing missed.

Employees of Postoffice Have a Merry Time.

Late trains were forgotten by the letter carriers last evening. It was the occasion of their third annual banquet, and instead of sorting mail they devoted the hours until midnight to sorting chicken bones and other good things.

The affair took place in Odd Fellows' hall and was preceded by a musical and literary entertainment. The committee which planned the affair included J. W. Inks, H. E. Dewey and J. A. Hall. President Dewey welcomed the guests, and the varied program was presented. There were vocal solos by Sam Neeley, A. B. Douglas, Will Perry and Charles A. Lambourne, piano numbers by Will Bateman and Mrs. Lottie Carewille; recitations by Hiram Dewey, Rollin Scoville, Annie Frazier and H. E. Dewey; mandolin music by Messrs. Hardy, French horn solo by R. J. Jessup, and a vocal quartette by Messrs. Hall, Lambourne, Neslen and Douglas.

The banquet followed, and it required no civil service examination to do justice to the spread. Some of the songs had titles which were appropriate to the ones who encouraged gout by the "You'll Remember Me." Another announced that "Bill's in Trouble." He ate four pieces of pie and called for more. The carrier who wanted more chicken after it was all gone thought of Neslen's song, "It's a Meatless Shame." And she trotted "Me Off to Church" just hit her carrier who was called off by his wife when he passed his dish for oysters for the seventh time. The third annual banquet was thoroughly enjoyed by the carriers.

DEATH OF LITTLE BOY.

Son of Eugene B. Palmer Succumbs to Diphtheria.

Russell Hawk Palmer, the little son of Eugene B. Palmer of The Herald staff, died yesterday of diphtheria. Only a few days ago the bright little boy, aged 1 year and 9 months, was full of life and happiness, but in some way he was exposed to the dread disease, which he contracted. After a hard struggle he seemed to improve, and it was thought that he was on the road to recovery.

Yesterday, though, his condition took a sudden change for the worse, and last night the end came. A private funeral will be held this afternoon at 45 North First West street, and interment will take place at Mt. Olivet cemetery. Mr. Palmer has a wide circle of friends, who will extend to him their deepest sympathy in his sad loss.

FRENCH COMEDY.

A number of the pupils of the French class at the university presented a little French comedy in the museum building last evening in a very creditable manner. The play was "La Maitresse" (The Last Hand), and is a very clever little comedy, admirably adapted to the ability of students. The cast included the Misses Annette Ferguson, Sawyer, Miller, Critzer and Snyder and Burgess Young. The parts were all well sustained and seemed particularly fitted for the pupils presenting them. Later the flower was cleared and a few hours spent very pleasantly dancing.

A Splendid Endorsement.

Mr. M. Van Buren, publisher of the WESTERN POULTRY WORLD, of Denver, Colo., tells a straightforward story of suffering and relief that will bring courage and hope to thousands of discouraged individuals.

Everybody is familiar with the WESTERN POULTRY WORLD. It is the great authority on poultry and has thousands of readers all over the west, and Mr. Van Buren, its publisher, is a gentleman of the highest standing in his community, and his words carry conviction with them. READ THIS HONEST STATEMENT:

Mr. Van Buren writes: "I think your treatment is simply the greatest on earth. It soothes and heals as soon as taken. Perhaps you never knew just what I have been through before I came to you. I first commenced with Dr. B., then Dr. O., then Dr. B. and Dr. M., and another great doctor whose name I cannot remember, but who was a great 'stomach specialist.' The last named doctor examined me for two hours, and he charged me in a CRITICAL CONDITION. I then weighed 128 pounds. He charged me \$12 for examination, and said I must come every day for sixty or ninety days for special treatment at \$2 per session. I did not take his treatment, but a few days later consulted you and commenced taking treatment, and GOT WELL AND WEIGHED 180 POUNDS WHEN I WAS CURED. I am a standing proof for you here, and have three patients who have asked me about my cure and who say they will write you. I mail you my photo under separate cover. Kindly return it after using same as you see fit for the benefit of other sufferers. Respectfully Yours, M. VAN BUREN."
